Fire Alarm System General Information

The city of Earlinton has been divided into five Fire Districts, known as numbers one, two, three, four, and five. These districts are formed by the two natural physical dividing lines, viz. Main Street and the L. & N. R. R.

Fire District No. 1 comprises all that territory North of Main St., and West of the R. R., e. g. the City Hall, Round House, F. B. Arnold's residence, Pump House, etc. etc., are in District No. 1.

Fire District 2, comprises all that territory North of Main St., and East of the R. R. (e. g. the St. Bernard Store, Barnes, Coward & Co., P. H. Whalen's residence, Masonic Temple, "Logtown, etc. etc., are in District No. 2.

Fire District 3, comprises all that territory South of Main St., and West of the R. R. (e. g. the Post Office, Luffoon's restaurant, Chas. Cowell's residence, Mrs. Harriet Browning's residence, Esq. Jas. Priest's residence, etc. etc., are in District No. 3.

Fire District 4, comprises all that territory South of Main St., and East of the R. R. (e. g. the Peoples Bank, Victory Building, O. M. Henry's residence, Catholic Church, New Methodist Church, etc. etc., are in District No. 4.

Fire District 5, comprises all that territory South of Boyle Ave., and East of the R. R. (e. g. Bernard Walton, Baptist church, etc. etc., are in District No. 5.

Each telephone subscriber in these Districts has been furnished with a card showing the number of Fire District in which each phone is situated,—these cards directing that, in case of fire, Central Telephone Exchange be informed of District Number and name of house "on fire." The Central operator will in turn notify L. & N. Round House, which will give the alarm.

The Round House whistle will in the future give the official alarm, and this alarm consist of a series of short blasts followed by one, two, three, four or five long ones, according to the district in which fire is located,—these long blasts indicating the district. This alarm will be repeated as seems necessary. The L. & N. locomotives will not give the alarm unless an engineer or trainmen should first discover a fire (i. e. should see it before the regular alarm had been given)—or, in the event the regular Round House alarm should fail to arouse the fire Department at night.

LABOR LEADERS ARE DEPORTED BY CROWN

British Government Hurries South African Men to London

Johannesburg, Union of South Africa, Jan. 28.—The most minute precautions were taken today by the Government to keep secret the deportation from S. Africa of ten of the principal labor leaders and a strict press censorship was instituted.

It was only by accident that the action of the government became known. The men were heard singing labor songs aboard the train, and an investigation disclosed that they were under strong guard. The labor men themselves were ignorant of their destination and were greatly surprised when they reached

Durban.

The Government had chartered the entire passenger accommodation of the steamer Umgeni. The vessel is without a wireless system and will take months to reach London. A large force of police and detectives was also aboard.

When the Umgeni crossed the bar she anchored in the roadstead and the prisoners were told that she would remain there for an hour and a half to enable them to write to their relatives and friends ashore.

MINERS BALK ON

PRESIDENT'S PAY

Increase in Salary from \$3000 to \$4000 Causes Heated Session

Indianapolis, Ind., Jan. 28.—The roll-call on the question of increasing the president's salary from \$3000 to \$4000 a year was still in progress when the convention of the United States Mine Workers of America adjourned tonight. Five districts remained to be polled. The vote is close and it will take the official count to decide it.

An effort was made to head off the roll-call by Wm. Houston, president of the Indiana miners who moved to recommit the question to the committee on constitution. This, however, was voted down after the convention had become tumultuous. Twenty-five or thirty delegates were on the floor almost all the time during the debate shouting "crooked work," "railroading" and "give us a fair deal." Alexander Howatt, president of the Kansas Miners, had to call on the sergeants at arms before he could restore order. A roll-call, it is estimated by the officials costs the miners about \$11,000.

Samuel Gompers, president of the American Federation of Labor, was expected to arrive tomorrow to address the convention.

Thought Some One Was in the Kitchen
C. O. Lawelle almost had a nervous prostration last night when some pans fell in the kitchen. He hurriedly woke Roy Forrester and announced in a hoarse voice that some one was in the kitchen throwing things around. Roy got up and investigated. It was the cat.

STANDARD OIL COMPANY

Will Have Exhibit at San Diego Exposition

San Diego, Jan. 29.—For the first time since its organization the Standard Oil Company is accepting the opportunity offered by the San Diego Exposition to demonstrate to the public the method of manufacture and the use of all its various productions. A large tract of ground has been secured by this company in the outdoor exhibits section, and on this a building is being erected in which the process of manufacture of all of the oils used for motors will be shown. Practical demonstrations of their uses will be made on the grounds.

The exhibit plan of the San Diego Exposition, calling for exhibits of processes and demonstrations of usage, rather than exhibits of lifeless products in boxes, bottles and jars, strongly appealed to the Standard Oil Company's officials as it also has to many other large industrial and commercial concerns, and the proposal to add to their exhibit of processes of manufacture demonstrations of the uses to which their products are put was what finally induced them to break their rule and make an exhibit at San Diego.

Together with the exhibit the Standard Oil Company is preparing to market the San Diego Exposition, the Motor Transportation Exhibit, in a building exclusively for this purpose, is attracting attention from manufacturers of automobiles, motor trucks, and all other classes of motor-driven vehicles all over the world.

\$20,000 NEEDED TO COMPLETE MANSION

Bill May Provide For Sale of Old Residence of State Executive

Frankfort, Ky., Jan. 28.—The State will be asked to appropriate \$20,000 for the completion of the Governor's mansion and this bill will, in all probability, carry a provision for the sale of the old Executive mansion. The mansion was conveyed to the State by a land company, title to remain in the State as long as the Capitol remains in Frankfort. It has been suggested that the old mansion be retained as a residence for the custodian of the Capitol, but the matter has never been given careful consideration.

Mrs. Morrison Entertains Her Class

Mrs. Wilt Morrison entertained her Sunday School at her residence on East main street last night with a masked party. All the guests came masked and the idea was to see who could most successfully conceal their identity. Mrs. Walter Daves was voted the best masked lady present. After quite a good deal of enjoyment, refreshments were served. A neat sum was realized for the benefit of the class.

TO GOV. McCREARY

To the Honorable Senators and to the Honorable Representatives of the Kentucky Legislature

To every paper in Kentucky, to every preacher, to every priest, to every Jew, to every agnostic, to every person whosever of Kentucky.

Why should not sections 4308 of the Kentucky Statutes have these words added to it: "A chapter from the English Bible shall be read each day at the opening of the session of the school by the teacher."

There are nearly 800,000 children of school age in Kentucky, 400,000 of whom never have any religious instructions whatever from their parents or any religious body. Why not give them their only "chance" for such instruction by having the Bible read in the public school?

No Bible! No Christ!

No Christ, no Geo. Washington, no Abraham Lincoln, no Robert E. Lee, no Stonewall Jackson, no Oneida College, no J. W. Burns, no Booker Washington—and no matter what we may think of them politically or otherwise; no Woodrow Wilson or W. J. Bryan. Time would fail me to tell what Christ has done, and is doing, for the human race. We, of Kentucky could have no J. B. McFerran, no boys' corn and potato clubs, no girls tomato clubs.

I do not know what the law is Mr. McFerran is trying to get the present Legislature to pass, but I am for it and it should be passed just as it is presented by him.

Mr. McFerran loves his neighbor as himself. He loves every child in Kentucky and wants every child to have the best show possible and if he can bring it to pass every child will have.

Mr. Ray Stannard Baker in an article called "The Glory of Panama," in the November number of the American Magazine, says: "For they have learned at Panama the democratic principle that there can be no safety when even the humblest man is left uncared for." This principle is taught no where but in the Bible, and by no other being who has trod this earth but Christ. It is the glory of Panama that to some extent Christ's doctrine was put in practice.

Read the 25th chapter of Matthew, all of it. Christ is coming. Even so come Lord Jesus. When Christ is the bread of life, when Christ is the water of life, when Christ is the light of the world, when Christ says, "Suffer the little children and forbid them not to come unto me," who is the governor, or senator, or representative that says, or will say, the English Bible shall not be read in the public schools of Kentucky to these 400,000 children.

I may not leave my children one cent. I may die in the alms house, but if I have helped to give Kentucky such schools as Mr. J. B. McFerran, (He is not asking "who is my neighbor") is working for, and the children of these schools hear a chapter from the English Bible every day and the Christian people of Kentucky see to it every child has a Bible, I shall die happy though in the alms house, and my children and grandchildren will have a better heritage than the millions of a Morgan or Rockefeller.

This circular goes to every paper in the state, some will publish it, some will not.

The governor and legislature are our law makers. Let them know your will NOW while the

legislature is in sessions.

You can not, you dare not, ignore this question. Send in your petition to your senator and representative. Adopt this language: I am only one, but I am one; I can not do everything, but I can do something; what I can do I ought to do and by the grace of God I will do.

Very truly yours,
HORACE W. MOREMAN,
Valley Station, Ky.

County papers please copy at once. My people perish for lack of knowledge saith the Lord.

It is well to destroy flies, fleas, bedbugs, mosquitoes and gnats, but we must not turn the devil loose.

Look at Mexico, no Bible, no Christ, no schools and without Christ and Bible such will Kentucky or any other country be. Christ is the only hope of the world. Bring the book says Sir Walter Scott, when dying; what book? says his attendant. He says there is but one book. Let the children of Kentucky have it.

Volunteers are wanted. Get busy! This means you.

Charlie Wallace Injured

Charles Wallace, of this city, was knocked on the head and painfully injured Thursday night, while going to his home on railroad street. While passing the alley near Mrs. Emily McDonald's, some one stepped up and knocked him on the head with a blunt instrument, rendering him senseless for the time being. He was discovered by the call-boys, E. W. Ford and Bunk Canley, and assisted home, where medical aid was summoned. Mr. Wallace has no idea who his assailant was and thinks he was mistaken for another.
